

FIRE ENGINEER

(Promotional Class)

DISTINGUISHING FEATURES OF WORK

This is responsible, skilled, and hazardous work in the driving and operation of fire department vehicles and apparatus involving considerable technical knowledge of firefighting apparatus, techniques, and tactics.

Employees of this class are assigned as members of a fire company, respond to fire alarms and emergency calls, driving fire vehicles, operating equipment, and performing other such duties as directed in the containment and extinguishment of fires and assisting in fire prevention activities. Work in this class may involve command of and responsibility for station house, grounds, equipment, and routine activities in the temporary absence of the Fire Captain. This class ranks immediately below that of Fire Captain and employees of the class are under the direct supervision of the Fire Captain.

EXAMPLES OF WORK

NOTE: These examples are intended only as illustrations of the various types of work performed in this class. The absence of specific statement of duties does not exclude such tasks from the position if the work is similar, related, or a logical assignment of the position.
